Cancer research participation

Historical record excerpt | Prepared November 3, 2026

A concise historical timeline for Doug Liles. Reviewed against archived records on November 3, 2026.

2003 · AACR Oncogenomics, Phoenix. Recorded in personal CV; no organizer confirmation in the reviewed set.

2004 · ASCO Annual Meeting and Educational Symposia, New Orleans. Recorded in personal CV; no separate organizer confirmation in the reviewed set.

November 30–December 4, 2005 · AACR special conference, Bonita Springs. Participation confirmed by Margaret Foti's December 28, 2005 letter.

February 23–24, 2006 · NCI TRWG roundtable, Phoenix. Supported by a personalized invitation, participant roster, completed acceptance, and first-person report. The CV's 2005 date is corrected here to 2006.

October 2006 · TRWG roundtable, Atlanta. Recorded in CV; blank reimbursement paperwork provides event context, not independent attendance proof.

Late 2006 · Cancer Biology Training Consortium. CV records Asilomar participation. December correspondence directly acknowledges Doug's website work.

AACR membership and formal TRWG membership are not established by these records. Source excerpts: dougliles.com/evidence/cancer-research/

Selected excerpts only. Personal contact details, signatures, and unrelated material are omitted. Originals retained in the private archive. Historical participation does not imply current affiliation or institutional endorsement.
